### The Month of November

It's always a good thing for us to remember the many ways our lives have been touched and enriched by others. During this month we do this in a special way as we remember our loved ones who have died. This is a time when we can all openly express our thanks for and also our loss of our loved ones. Many times we speak of celebrating their lives. This we do in remembering them and the many ways they have shared the journey of life over the years with us.

As Christian people we are reassured that although we miss them we have a confident hope that we will share life with them again in God's kingdom. Just as the season in nature has changed around us we know that like the growth in nature itself, our loved ones rest to be born to new life in the resurrection.

May they rest in peace.

### Loop System

I hope those of our parish congregations who have hearing difficulties have found the installation of the loop system in the church helpful. It should improve the reception and sound quality for you. Please let us know if you have noticed an improvement. In this way we will know the system does not need any further adjustment.
